

FEATURES

- Made With Tinned Copper
- Isolation Up To 10KV
- UL224
- Range Of Sizes
- Wide Temperature Range

RS PRO 75 x 13mm Insulated Earth Strap for use with Enclosure Panel

RS Stock No.: 264-9225

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This range of insulated earth straps (also known as shunt wires, grounding straps or braided harnesses) from RS PRO offer a variety of straps made of copper with green and yellow polyolefin insulated sleeves, providing RFI generated currents with a low impedance path. These high quality earth straps with insulation are ideal for use with enclosure panels in a wide range of electrical applications and are available in a range of sizes. These durable and reliable straps feature a wide temperature range of -55 to +135°C, making them a highly versatile earth strap for use in a range of environments.

What sizes are available?

75 x 13 mm - 264-9219
 150 x 13 mm - 264-9225
 300 x 13 mm - 264-9247
 457 x 13 mm - 264-9253

General Specifications

Type	Insulated Earth Strap
For Use With	Enclosure Panel
Colour	Green, Yellow
Application	Multi-purpose

Mechanical Specifications

Material	Copper
Dimension	150mm x 13mm
Length	150mm
Width	13mm

Approvals

Declarations	RoHS Certificate of Compliance
