

## FEATURES

- Good chemical resistance
- Provides electrical insulation
- Ideal for use as a bearing surface
- Wear resistant
- Non-corrosive

# RS PRO Nylon Metric Washers

RS Stock No.: See Table

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

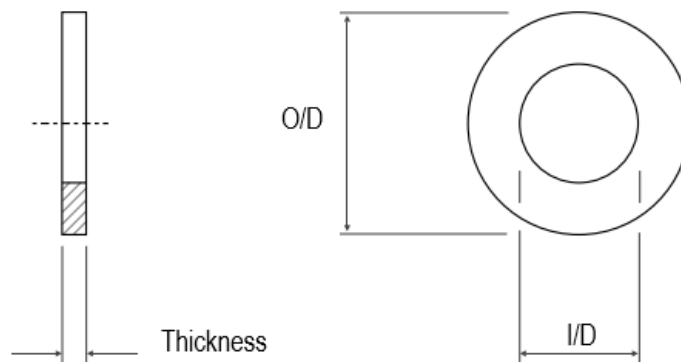

## Metric Washers

### Product Description

RS PRO range of plain, white, nylon washers in sizes M2 to M12 which are designed to distribute the force of the screw head of a screw or nut on a larger surface. These nylon washers provide an excellent inexpensive solution between gland and equipment with electrical insulation and good chemical resistance. They are also non-abrasive and lightweight in comparison to metallic washers and absorb shock and noise better resulting in less noise when used in equipment.

### Material Specifications

<b>Material</b>	Nylon 6,6
<b>Colour</b>	Natural

### General Specifications

Stock No.	Nominal Size	I/D (Inside Dia.)	O/D (Outside Dia.)	Thickness
232-6908	M2	2.2	5	0.3
232-6898	M2.5	2.7	6	0.5
232-6933	M3	3.2	8	0.8
232-6954	M4	4.3	9	0.8
232-6959	M5	5.3	11	1
232-6860	M6	6.4	12	1.5
232-6864	M8	8.4	18	2
232-6872	M10	10.5	22	2.5
232-6873	M12	13	24	2.5
