

## FEATURES

- Produced from LLDPE extremely common withing the
- Packaging industry due to its flexibility and relative transparency
- Pallet wrap is exactly what it sounds like - a type of plastic film that can be stretched, either by hand or wrapping machine, around a pallet.
- A pallet wrap that stretches well ensures the wrapped load is tightly secured to the pallet, reducing the chance of breakage and other damage to the goods in transit

**RS PRO Pallet Wrap, 500 x 17 um x 300 m**

**RS Stock No.: 240-1178**
