

Mitsubishi Heavy Industries VRF systems to KNX Application

The Mitsubishi Heavy Industries Application has been specially designed to allow bidirectional control and monitoring of Mitsubishi Heavy Industries VRF systems from a KNX installation. The solution allows the integration of up to 128 indoor units from a single Interface.

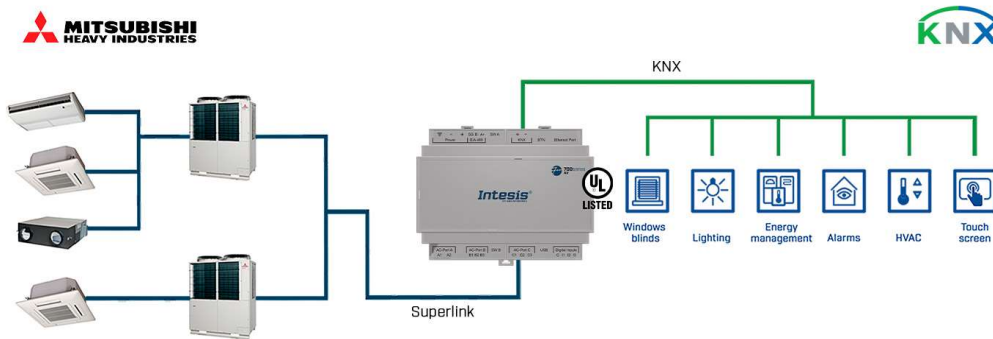

FEATURES

- UL Listed.
- Direct access to outdoor unit's communication bus.
- Scan: Automatic identification of the units presents in the VRF system.
- Energy consumption signals from each indoor unit are available.
- Outdoor unit's signals available for the integration.
- Supports KNX standard datapoints (DPTs) that guarantees a seamless integration with any KNX device or system.
- Wide range of monitoring & control datapoints available.
- Configuration through IP or USB (Console) port.
- Easy integration with Intesis MAPS.
- Automatic updates for both Intesis MAPS and interface's firmware.

Use Case

Integration of Mitsubishi Heavy Industries Air Conditioners into a KNX system

Description

DIRECT CONNECTION TO VRF OUTDOOR UNITS

The gateway is directly connected to the outdoor unit's communication bus and enables the control of all the indoor units connected to the system. This allows not only the control and monitoring of the main AC functions but the access to some internal variables of the outdoor units.

SET UP BY INTESIS MAPS

The configuration is carried out using the Intesis MAPS software. This one allows you to define your own settings for the device and offers extra functions available for all the new generation gateways. Thanks to the scan function, which allows to automatically discover all the units available

in the installation, get the interface ready to work in a really short time.

Intesis MAPS makes it easy to identify any malfunction in the installations thanks to its robust diagnostic feature.

ORDER CODES:

IN776MHI00SO000	Mitsubishi Heavy Industries VRF with KNX, Serial and IP support - Up to 16 Indoor Units, 12 Outdoor Units
IN776MHI00MO000	Mitsubishi Heavy Industries VRF with KNX, Serial and IP support - Up to 64 Indoor Units, 12 Outdoor Units
IN776MHI00LO000	Mitsubishi Heavy Industries VRF with KNX, Serial and IP support - Up to 128 Indoor Units, 0 Outdoor Units / or up to 80 Indoor Units, 12 Outdoor Units

→ For the older version, please click here to find the documentation

INCLUDED COMPONENTS:

- Intesis Gateway.
- Installation Manual.

USB Configuration cable.
(Power supply not included).

Warranty: 36 months.
