Flexy Extension Card - MPI Port

This Flexy extension card increase the connectivity capability of the Ewon Flexy 205 with an MPI port.

The MPI extension card offers Machine Builders, System Integrators and OEMs the ability to remotely access and retrieve data from PLCs with an MPI port. This extension card is the perfect link for any MPI PLC, providing transparent gateway functionality between the ISOTCP and the MPI/Profibus (S7) protocols.

The MPI extension card is only dedicated to the Ewon Flexy 205.

Number of ports	1
Physical mode	MPI (1500V galvanic isolation through the power supply isolation from ground)
Connector	SUBD9 (female)
Operating temperature	-25 to +60°C
Marking	CE, cURus, FCC, UKCA
