

8-Port Metal DIN-Rail Mounting Keystone Patch Panel with Grounding, Black/Silver, TAA

MODEL NUMBER: N063-008-ENC

Accepts snap-in keystone jacks and couplers to help you manage your DIN-rail network cable application.

Features

Organizes a Wide Variety of Ethernet Network Patch Cables in Your DIN-Rail Installation

This DIN-rail mounting patch panel lets you manage network cable interconnectivity with eight blank cutouts, which accommodate all snap-in keystone jacks and in-line couplers. Each RJ45 Ethernet cutout features metal contacts for grounding purposes. The N063-008-ENC also allows patching with NGI/NFI DIN-rail-mount Ethernet switches (sold separately).

Easy to Install in Rugged Industrial Applications

Made from sheet metal with a plastic rear frame, the N063-008-ENC quickly installs on a standard 35-millimeter DIN rail. Ports are numbered to help you organize your application and identify specific connections. A grounding wire is included.

TAA-Compliant for GSA Schedule Purchases

The N063-008-ENC is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

Specifications

OVERVIEW		
UPC Code	037332276933	
Technology	Cat5/5e; Cat6; Cat6a
