

6ft (2m) HDMI to DisplayPort Cable 4K 30Hz - Active HDMI 1.4 to DP 1.2 Adapter Converter Cable with Audio - USB Powered - Mac & Windows - HDMI Laptop to DP Monitor - Male/Male

Product ID: HD2DPMM6

This HDMI to DisplayPort adapter cable with USB power lets you connect an HDMI video source, such as your laptop, desktop, Blu-ray player, or camera, to a DisplayPort monitor or projector without the need for additional video cables.

The active HDMI to DisplayPort cable offers plug-and-play installation, providing a hassle-free setup with no software or drivers to install. The adapter is powered via a USB port, avoiding the need for an extra power adapter.

With support for 4K at 30Hz, you get a sharp, crisp picture that's richer and more true-to-life than traditional HD, with far greater detail. The HDMI 1.4 to DisplayPort 1.2 converter cable delivers Ultra HD content to your DisplayPort monitor and supports 7.1 channel surround audio.

The HDMI to DisplayPort adapter is backward compatible with 1080p and 1440p displays, which makes it a great accessory to future-proof your existing setup for 4K video.

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

The HD2DPMM6 is backed by a StarTech.com 2-year warranty and free lifetime technical support.
