## Product Description

Introducing the range of RS PRO Elevator Bolts, a high-quality fastener solution for heavyweight applications such as connecting canvas belts in conveyor systems or tight spaces with moving parts like lifts. Each fastener is made from steel with a zinc coating, making them much more cost-effective than their stainless-steel counterparts, while still offering a high level of protection against surface rust and oxidation.

### Applications:

- Lifts or bucket lifts
- Conveyor belts and pulleys
- Flooring in vehicles or
- Building work and construction
