RS PRO Lock Washers

RS Stock No.: See Table Below

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the range of RS PRO Split Lock Washers, a high-quality fastener solution for providing a secure hold for a nut or bolt in a wide range of applications where vibrations might eventually work the nut or bolt loose over time. Each fastener is made from steel with a zinc or galvanised finish option, making them much more cost-effective than their stainless-steel counterparts, while still offering a high level of protection against surface rust and oxidation.

Applications:

- Household applications and DIY
- Electronics and industrial manufacturing
- Construction and building
