THE PRODUCT

OKW POTTING BOXES – a comprehensive range of boxes for potting electronic assemblies. With special cost advantages for series-type production.

Potted assemblies are protected from shock as well as temperature, dampness and chemical influences. The versions made of Duroplast are less resistant to impact than the Polyamide 6.6 or ABS models.

YOUR ADVANTAGE

Duroplast
Resistant to deformation and extreme temperatures.

Polyamide 6.6
Good value for money. High-impact.

ABS
Good value for money. Preferably for potting small assemblies.
