Cutler-Hammer ${ }^{\circledR}$ E50 Modular PlugIn Limit Switch Components from Eaton's electrical business are the industry standard with versatility of design and high reliability for low maintenance, installation and inventory costs. Standard Viton ${ }^{\circledR}$ gaskets, seals and boots and a zinc die cast enclosure provide exceptional chemical resistance to the common coolants, cleansing agents, and hydraulic fluids found in machine tool, automotive, waste water treatment and other heavy-duty industrial applications. Mounting dimensions accommodate both U.S. and DIN standards for easy retrofit installations. Super bright $24-120 \mathrm{~V}$ AC/DC LED indicating light versions simplify setup and troubleshooting operations.

## Approvals

■ UL Listed

- CSA Certified

■ IEC.947.5.1
■ TUV - E9271605E02
( $\in$ (where shown)
For the most current information on this product, visit our web site: www.EatonElectrical.com

## Modular Limit Switches Provide Extremely Easy Installation,

 High Reliability, and Low Maintenance and Inventory Costs

## Product Features

■ Modular, plug-in components (head, body and receptacle) provide application flexibility, reduced inventory and less downtime
■ Manufactured to take the physical and environmental abuse (including cutting fluids and chemicals) of harsh industrial environments

- Chemical resistant Viton ${ }^{\circledR}$ gaskets, seals and boots are standard, and so are captive, posi-drive screws
■ The switches have terminal identification on the nameplate for a visual wiring checkout without guesswork. Heads and switch bodies can be replaced without rewiring
■ E50 devices can be ordered in separate components or as complete assembled switches
- 600 V rating, ridge-topped contacts and wiping action assure continuity even to logic level circuits
■ Keyed, four direction head positioning
- Standard $5^{\circ}$ pre-travel and $90^{\circ}$ total travel
- 24 - 120V AC/DC LED and 120V AC neon indicating lights available

■ Rotary heads are field convertible CW, CCW, or both, without special tools
■ Epoxy filled, pin connector or pigtail pin connector receptacles available

For Application Assistance in the U.S. and Canada
call 1-800-426-9184.

Model Selection - Assembled Switches — Standard
