

**Replacement Heating
Cartridge**
Model 9300

TWO heating cartridges are required to run the Model 600 solder pot. If your pot is not maintaining temperature, it could be that one of your two cartridges has expired. [Learn more about troubleshooting this problem.](#)

Specifications: Wattage: 300 Watts

Used with the following tool:

- [600](#) - General Purpose Industrial Solder Pot

**Replacement Heater
Band**
Model 9302
