## Premium Metal Expansion Wrist Straps

**Best Available -  
Top of the Line!**

**Better choice for  
clean room and  
other critical  
environments**

**See Bending Life Test  
per ESD S1.1**

### Features and Benefits:

- **Premium metal expansion wrist strap**  
Comfortable, designed not to pinch or pull hair
- **Durable metal band**  
Long wearing, easy to clean
- **Superior contact with skin**  
For reliable removal of generated static charges
- **Adjustment band changes quickly and easily to any size**  
One size fits all; only one item number to purchase and stock No "extra" links to lose
- **Non-flaking or scratching laminated insulator on all external surfaces**  
Protects wearers from electrical hazards Provides many years of product life
- **Medical grade stainless steel interior expansion band**  
Will not cause allergic skin reactions for most people
- **UL listed - coil cord includes 1 megohm resistor**
- **Date coded**  
Providing lot tractability to ensure quality control
- **Made in America**

<b>P/N</b>	<b>Description</b>
<b>09041</b>	Band Only
<b>09042</b>	Band Only Extra Large
<b>09085</b>	Band with 6' Coil Cord
<b>91070</b>	Band with 6' Coil Cord & Angle Banana

**Circumference** - Regular: 5.5" - 13", Extra large: 6.25" - 14.5"

NOTE: All bands have a 4mm snap stud. Complete wrist strap kits include an alligator clip. Wrist strap kits include an alligator clip for occasions when a grounded banana jack is not available. However, best industry practice is that ESD Ground Connections should be firm fitting connecting devices such as metallic crimps, snaps and banana plugs to be connected to designated ground points. Use of alligator clips is not recommended. (Ref: JEDEC Standard No. 625-A)

**ANSI/ESD S20.20 Paragraph 6.2.2.1 Personnel Grounding Requirement "All personnel shall be bonded or electrically connected to ground or contrived ground when handling ESD sensitive items. When personnel are seated at ESD protective workstations, they shall be connected to the common point via a wrist strap system."**
