All Purpose Pliers

Cuts • Strips • Loops • Shears

This epic journey begins with two of the most fundamental tools in an electrician's bag, long-nose pliers and a wire stripper, joining forces to become the **All-Purpose Pliers**. Forging a bond to last a lifetime, this new creation can cut, strip, loop, and shear. Its mission — to save time and effort, to free up valuable space in a tool bag and to make any job more efficient.

Electricians across the country give it ★★★★★ stars!
