

## Safety Switches T&B Catalog Number:

2TLA050009R1012

**UPC Number:**

80432583242

**Status:**

Active

**Description:**

Solenoid locking interlock safety switch featuring power to lock guard holding up to 1800N

### Features

The MKey 9M series guard locking switches have a slim plastic body design and have been developed with a holding force of 1800N to keep medium guard doors closed until hazards have been removed

Suitable for applications where immediate unlocking is required at removal or loss of power

The high specification plastic body has a high resistance to chemical and washdown solutions and the stainless steel head provides a durable robust protection of the cam interlock

IP67 enclosure protection is maintained by a double seal lid gasket design and metal fixings

They have a slim profile and are designed to fit on 50mm (2 in) frame sections or to applications where space is restricted

The head will rotate to provide up to 8 actuator entry positions An LED is available to indicate lock status

### Application

Ensures that a machine stops when a door or a hatch is opened

### General
