

Datasheet

RS Pro Standard Magnetic Screwdriver, Hexagonal 1/4 in Tip

RS Stock No: **542-3329**

Product Details

RS Pro standard magnetic screwdriver is perfect for use with 1/4 Inch hexagon driver bits. It has roller bearing ratcheting action that allows forward and reverse movement and eliminates lash or slip associated with conventional ratcheting screwdriver. It provides smooth, positive action with convenient bit storage in the handle (except stubby and T-handle).

Features and Benefits

- Allows for movement of less than 1° making them ideal for use in confined or restricted areas
- 170 mm long
- Hexagonal tip
- Smooth and positive action
