

Datasheet

RS Pro Replacement Jaws for Automatic Wire Stripper

RS Stock No: **667-3433**

Product Details

RS Pro replacement jaw for automatic wire stripper is simple-to-use stripper which cuts and strips insulation from range of wire sizes in one operation. A single squeeze of handles opens and closes the synchronized jaws and strips insulation cleanly from conductor. It is perfect for use with PVC, silicone rubber and others. It has high carbon steel for the cutting and stripper knife blades and medium carbon steel sheet for stripping mechanism.

Features and Benefits

- Zinc alloy body and handle
- PVC injection soft grip
- Spring steel for auto return tension spring

Specifications:

For Use With	Automatic Wire Stripper
Type	Spare Blades
