Temp-Gard Apron Specification Sheet

EXTREME TEMPERATURE APRON

PRODUCT DESCRIPTION:

Temp-Gard™ extreme temperature apron, 48-inch length, liquid-proof silicone fabric, quick release neck and waist buckles.

- Offers protection to the torso and upper legs in extreme temperature conditions.
- Impervious to cryogenic liquids and most other liquids and chemicals.
- Does not become slippery, even at extreme temperatures.
- Superior flexibility; will not stiffen at extreme temperatures.
- Easy to clean, will not absorb chemicals and will not stain.
- Quick-release buckles at neck and waist for added safety.

Applications:

Ideal for use in work environments to protect from extreme temperatures of -321 °F (-196 °C) to +500 °F (+260 °C), such as cryogenic cleaning, cryogenic systems maintenance, conservation of food produce.
