VENT PANELS/VENT TRAY

Vent Panels

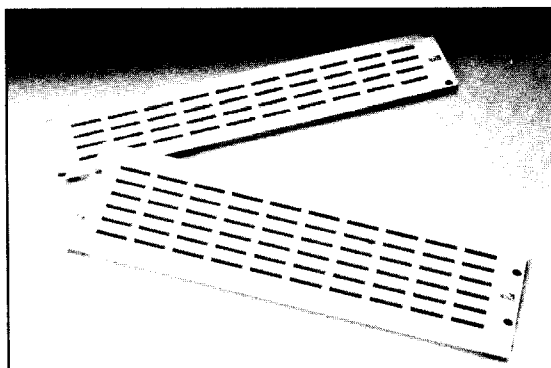

Where rack ventilation is required, the extruded 1RU, 2RU and 3RU panels are available from stock fitted with a fine mesh steel grille (2mm square holes at 3mm pitch). As a more robust alternative, particularly suitable for locations near floor

level, 2RU and 3RU slotted vent panels are available. Vent panels are normally available finished in Dawn Grey stove enamel from stock; other colours may be specified to order.

IPK Extrusion Vent Panels, mesh grille

- M15297 | 1RU Vent panel, mesh grille
- M15298 | 2RU Vent panel, mesh grille
- M15299 | 3RU Vent panel, mesh grille

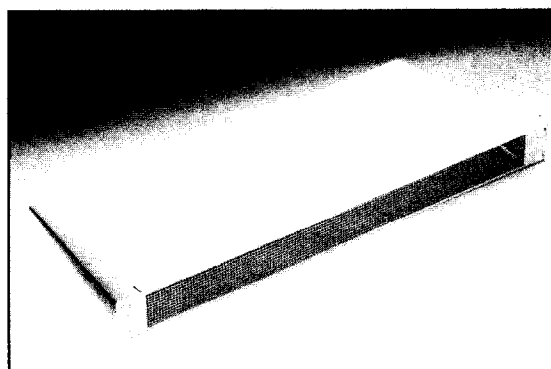

IPK Extrusion Vent Panels, slotted grille

- M15578 | 2RU Vent panel, slotted grille
- M15579 | 3RU Vent panel, slotted grille

Vent Tray

Where rising warm air from rack-mounted equipment must be diverted to a vent to prevent it affecting units higher in the rack, the 1RU mesh vent panel is available fitted with a sloping tray. Vent trays are normally available finished in Dawn Grey stove enamel from stock; other colours may be specified to order.

Vent Tray

- M15698 | 1RU Vent tray, mesh grille

- RS 584-233 = M15297
- RS 584-249 = M15298
- RS 584-255 = M15299
