TECHNICAL DATA SHEET

RS 558-802 Cotton Buds

RS 558-802 are single ended cotton buds, packed in boxes of 200. They may be used in locally cleaning electrical mechanisms or for accessing remote areas. The buds are made from pure cotton wool which is tightly wrapped onto rigid wooden sticks. The buds may be used dry or in conjunction with cleaning solvent, which may be used on more difficult residues.

- Absorbent Cotton
- 150mm wooden stick to reach into difficult areas
