RS Pro MIG Welder Gasless Wire For MIG Welding

Product Details:

T130P MIG Welder - Gas

- 130 Amp power, will weld up to 5mm mild steel
- Cable of welding in gas and gasless modes
- Gasless wire is 0.8mm and reel size is 0.45kg
- Turbo fan cooled
- Heavy duty transformer
- Automatic wire speed control with manual over-ride
- 6 power settings
- Thermal overload

Specifications:

Accessory Type: Gasless Wire
For Use With: MIG Welding Process
