Heavy Duty Tubing Bender

RS Stock number [423-6641](#)

Specifications:

- Makes difficult bends on 3/16"(4.75mm), 1/4"(6mm), 5/16"(8mm) and 3/8"(10mm) copper & steel tubing without collapsing tubing.
- Each roller has two groove sizes for ease in adapting tool to tubing size. Simply squeeze handles with tubing placed between stud & roller for easy bends.
- Replacement rollers available.
