RS Pro Spiral Wrap 3.1mm 2.6mm Polypropylene

RS Stock No: **618-8819**

Product Details

RS Pro spiral wrap in white colour, is made of PE. It has internal diameter of 3.1 mm, maximum bundle diameter of 2.6 mm, maximum cable diameter of 5.05 mm, minimum cable diameter of 3.1 mm and 5 m long. MINIFLEX tubing protects the routing of fibre cables, which may be otherwise prone to transient losses and transmission failures. Tubing is simply cut to length with a knife or cutters, then sleeved-over fibre cable. Its small physical size and flexibility coupled with a strong resistance to kinking render it highly suitable for fibre protection and management. It is supplied in 5 m coil.

Features and Benefits

- 5 m long
- Bend limited to a controlled radius - 30 mm
- Crush protection
- Smooth bore
- Tubing outer diameter of 5.05 mm
- Minimum cable diameter: 2.6 mm
- Comes in white colour
- Made from PE
