Datasheet

Shield Kit, 12 x 8½ in.

RS Stock number [623-6508](#)

Description:

Provides protection from fluid splash and flying swarf.

Supplied complete with 14in. adjustable (¾ in. dia.) arm, magnetic base and fitting for fixed mounting.

Ideally suitable for small machine tools.

These guards are NOT a substitute for correct machine guarding (e.g. lathe guards) but are designed to be used in conjunction with factory fitted machine guards, giving the operator extra protection against flying swarf and coolant, etc.

Screen size: 300mm x 216mm

Specifications:

Kit Contents: 14 in Adjustable Arm; Magnetic Base; Fitting

Size: 12 x 8 1/2in

Type: Shield Kit
