RS Pro 5m power cord, Unterminated to C14 (IEC), 10 A, 250 V

Product Details

C14 Plug Lead

Brought to you under the trusted RS Brand, this moulded C14 socket power cord is left unterminated at one end, and is ideal for flexibility in appliance installation, or where an extension to a C13 socket is required. C13/14 connections are typically used with computer monitors and larger domestic or commercial appliances.
