

Part-No. CUL 500/2,00	Magnet Wire Datasheet	BLOCK 
---------------------------------	------------------------------	--

Identification

Part No.	CUL 500/2,00	Description	Insulated copper wire
Series	CUL	Material	Copper - Solderable

Technical Data

Diameter	[mm]	2
Gauge	[AWG]	12
Resistance	[$\frac{\Omega}{m}$]	0.011
Temperature Coefficient	[$\frac{10^{-6}}{K}$]	3.9 - 4.0
Insulation		Polyurethan
Weight	[kg]	0.525
	[lbs]	1.158
Length	[m]	14.00
	[ft]	46.00
Thermal Class F	[C]	155
	[F]	311

Original Date:	02/03/17	Observe protection clause to ISO 16016 Variations may apply due to material's and production's tolerances. Objected to modifications without notice.	Index	0
