

FLEXIBLE LED STRIP

Wamco's WL-LFS Flexible LED Strip is a high efficiency solid state illumination system designed for decorative lighting applications where simple and quick installation is desirable. The brilliant light output coupled with low voltage / low power consumption and IP65 rating make it an ideal solution for both indoor and outdoor applications.

SPECIFICATIONS

PART NUMBER	WL-LFS3528/5B-120B-12V-L1
VOLTAGE	12VDC
WATTAGE	2.4W
COLOR	Blue
BRIGHTNESS	450 mcd per LED Typical
NUMBER OF LEDS	30
STRIP SIZE	8mm x 250mm
STRIP TYPE	Black, 3M Adhesive Backed
LEAD WIRES	381mm (15") Wire Leads, 1 Red and 1 Black
TERMINATION	Molex Terminals P/N 02-06-2103
IP RATING	IP65
CERTIFICATIONS	CE, RoHS, cULus

Note: This part is customized for a specific customer application.
