

## Datasheet

# RS Pro Lined Multi-Purpose Hose

RS Pro multi-purpose PU lined hose delivers exceptional durability and flexibility. Manufactured in the UK, this anti-abrasive Polyurethane (PU) and PVC compound hose is reinforced with polyester yarn. RS Pro multi-purpose hose is ideal for pneumatic tools in general, abrasive applications and water-based paint sprayers. The PU lining material also has WRAS approval for use with drinking water application.

### Key Features

- Smooth line surface
- Excellent flexibility
- Good abrasive resistance
- WRAS approved lining
- EC compliant for food contact

### Application Examples

- Air tools
- Abrasive material transfer
- Drinking water applications
- Transfer of food substances
- Paint spraying equipment
