## RS PRO Drain Rod Set for use with Drains

RS Stock No.: 388-8257

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

- *This universal drain rod set from RS PRO provides you with all the tools you need to clear a blocked drain. The polypropylene (PP) material makes the rods resistant to becoming stuck and gives them enough flexibility to bend around pipe corners without breaking. The rods come bound by two leather straps for easy transport and storage.*
