

2 Watt RF Load Up to 4 GHz with BNC Male

LCTR6156A

Features

- DC to 4 GHz Frequency Range
- Max Power 2 Watt (CW)
- BNC Male Coaxial Interface
- Max VSWR 1.2:1
- 50ohm Impedance

Applications

- Wireless
- Video Signal Transmission
- Radar Systems
- Test and Measurement
- Commercial and Military Communication
- Avionics

Description

L-com LCTR6156A is an RF termination (also called RF load or dummy load) that operates from DC to 4 GHz and handles up to 2 Watt (CW). Our BNC termination / load has a male gender.

RF load / terminations are indispensable components in many RF, microwave and millimeter wave systems where signal reflection from unused ports can potentially damage the device or reduce the signal integrity. By terminating an unused port with a matched load (dummy load), the incident energy will be absorbed with minimal reflection. These termination components are commonly used to terminate devices such as couplers, circulators, and switches. They are also widely used in measurement systems to ensure accurate results. L-com offers a huge selection of RF, microwave and millimeter wave terminations up to 65 GHz with excellent performance over the entire operating range and power handling capabilities up to 800 Watt (CW).

Electrical Specifications

Description	Minimum	Typical	Maximum	Units
Frequency Range	DC		4	GHz
Impedance		50		Ohms
VSWR			1.2:1	
Input Power (CW)			2	Watts

Mechanical Specifications

Size

Length	1.1 in [27.94 mm]
Width	0.57 in [14.48 mm]
Height	0.57 in [14.48 mm]
Weight	0.0269 lbs [12.2 g]

Configuration

Connector	BNC Male
-----------	----------

2 Watt RF Load Up to 4 GHz with BNC Male

LCTR6156A

Material Specifications

Description	Material	Plating
Connector 1 Contact	Brass	Gold 4μ in. minimum
Insulation	PTFE	
Body	Brass	Tri-Metal
Coupling Nut	Brass	Tri-Metal

Environmental Specifications

Temperature

Operating Range -55 to +165 deg C

Compliance Certifications (see [product page](#) for current document)

Plotted and Other Data

Notes:

2 Watt RF Load Up to 4 GHz with BNC Male from L-com has same day shipment for domestic and International orders. Our portfolio includes coaxial cable assemblies, connectors, adapters and custom products as well as lightning and surge protectors, NEMA rated enclosures, and an RF product line which includes antennas, amplifiers, passive, and active components. Click the following link (or enter part number in "SEARCH" on website) to obtain additional part information including price, inventory and certifications: 2 Watt RF Load Up to 4 GHz with BNC Male LCTR6156A
