RS PRO Hex Bolts

RS Stock No.: See Below Table

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the range of RS PRO Hex Head Machine Bolts, a high-quality fastener solution for heavyweight applications such as connecting lumber and metal securely. Each fastener is made from steel with a galvanised coating, making them much more cost-effective than their stainless-steel counterparts, while still offering a high level of protection against surface rust and oxidation.

Applications:

- Carpentry construction like decking, railings and small frames
- Timber construction to support timber framing for houses
- Mounting heavy items onto walls
- Building work and construction
